Dear friends,

I'm writing this newsletter in the middle of an extraordinary heatwave, putting the 'Beast from the East' far from our minds. Like the weather, the first half of 2018 has been one of highs and lows here at CMM. We were devastated by the loss of one of our greatest friends and supporters, Barrie Renwick, in early January and I was honoured to speak at his funeral at his church in Hull. Then our year with our wonderful intern, Rachel, came to a close and we had to say goodbye to her, as well as to Lindsay who was such a huge help in the office while Helen was on maternity leave. Helen returned in March and was thrown into the deep end finishing the organisation of our 'Rock and an orchestra' day in May which also celebrated my 70th Birthday. It was an amazing occasion with over 300 present.

Turning 70 has made me look back with so much gratitude to the Lord for what he has accomplished in me and through the ministry. It has also made me look forward to what is to come. I'm so excited about the number of Spirit Works events we have had and the large number of invitations for 2019. The potential of our mission trip to Cyprus with Rock

in November is huge, and Annie and I are working hard revamping The Torn Curtain—our only musical that is out of print. I've also been having a wonderful time with Simon Gudger and Debra Mayo hosting 'Heart & Soul', a radio show on <http://www.southbirminghamradio.uk> on Wednesday evenings from 6-8pm. Do tune in!

Roger
